

# RAMILLIES HALL SCHOOL VISION

“We will provide our pupils with every opportunity to develop as confident, happy, independent learners, able to achieve their very best within our stimulating and nurturing learning environment. We will provide a breadth of experiential, learning and social experiences tailored to our pupils. We will foster a strong sense of morality, responsibility, citizenship and prepare our pupils for their next steps into further education and employment.”

## Whole school values and aims

- To provide each pupil with a “toolkit” of skills, values and qualifications that will prepare them for further education and life beyond.
- To foster a sense of achievement and confidence in our pupils and to build resilience and strategies which provide ongoing ability to be successful throughout future challenges.
- To develop a sense of moral values, an appreciation of diversity and a sense of individual responsibility as part of both the school and wider community.
- To develop in pupils a positive attitude towards themselves, and to build relationships, which foster respect, loyal friendship and a strong sense of cooperation.
- To develop a sense of pupil responsibility and proactivity for their own progress and achievement in learning.
- To maximise pupils’ achievements by building on each child’s strengths, and addressing their challenges in a positive and purposeful way.
- To utilise our specialist expertise, small class sizes, nurturing and “family” ethos to meet the individual needs of every child accepted at Ramillies.
- To deliver outdoor learning opportunities and maximise the use of our extensive school grounds to develop in pupils an appreciation of the natural world and our environment.
- To inspire each child to attain beyond their expectations and to be actively involved in using their own “tools” to achieve these, fostering a sense of pride and aspirational belief.
- To provide a varied, accessible and balanced curriculum which recognises that all pupils are unique. A curriculum designed to capture a child’s imagination and inspire them to enjoy learning.
- To develop a sense of application and perseverance in our pupils in all areas, even when challenges occur.
- To create a strong liaison between home and school in order to realise mutual goals for every pupil.
- To prepare pupils for life beyond Ramillies as confident and responsible members of society with a positive attitude to lifelong learning.

The School’s ethos is broadly Christian, and where assemblies include a collective act of worship it is primarily Christian, but we encourage respect for all religions and belief systems.
